Purchase price repayments and/or claims for damages, in particular for any consequential damages, are expressly excluded. Claims of intentional or grossly negligent conduct by Alberts due to injury to body or health shall remain unaffected by this. The guarantee relates exclusively to the specific product concerned. Alberts reserves the right to provide equivalent replacements.

The guarantee does not cover the replacement of products where the rust defect:

- was caused by changes to the product without the approval of Alberts
- is based on improper or incorrect use or incorrect assembly

- resulted from damage caused by repairs
